15th International Power Electronics and Motion
Control Conference
Novi Sad, Republic of Serbia**

SPECIAL SESSION: “New Inverter Controls”

organized by

1. Atsuo Kawamura, Yokohama National University,
kawamura@ynu.ac.jp
2. Tomoki Yokoyama, Tokyo Denki University, yoko@fr.dendai.ac.jp

Call for Papers

The Special Session seeks papers describing original research or application aspects of advanced inverter control method in the area of power electronics.

Topics of interest include, but are not limited to:

1. Multi-level inverter control
2. Matrix inverter/converter control
3. PAM control
4. Resonant inverter control
5. Utility interactive inverter control
6. FPGA realization of inverter control
7. Related control issue

Submission procedure: The same as for regular papers.

Submission deadline: 19th December 2011

All the instructions for paper submission are included on the conference website:
