

Paper Publication Policy (updated on 16 April 2012)

EPE-PEMC 2012 ECCE Europe

All the prospective authors are made aware of the following rules, which govern the publication of papers, accepted on the basis of the anonymous review process:

1. For an accepted paper to be included in the Conference Proceedings it is mandatory that:
 - a. The PDF of the paper has been created using IEEE-PDF eXpress (instructions and the link will be provided in instructions for full paper preparation, which will be made available shortly).
 - b. Copyright form is filled in and submitted at the time of the paper submission.
 - c. The paper number is registered against a registration fee payment.
2. One full registration may be used to register ONE paper.
3. One student registration fee may be used to register one and only ONE paper.
4. For a paper to be subsequently included in the IEEE Xplore, it is mandatory that, in addition to meeting the first two criteria, the paper is PRESENTED at the conference. It is the responsibility of the author(s) to ensure a substitute presenter if for any reason none of the authors are able to attend. The organizers may be able to assist in a limited number of cases and further information will be provided at a later date.
